ADDITIONAL DETAILS

Desired Qualifications

- Two-year technical degree in a mechanical discipline or equivalent experience
- · Experience with hydro unit alignment using plumb wires and slug arc process
- · Machinist experience on lathe, mill, and field machining
- · Experience with diesel engine maintenance and troubleshooting
- · Experience with pipe fitting and metal fabricating
- · Experience with alignment equipment and precision measurement
- Experience with machinery predictive maintenance technologies: vibration analysis, oil analysis, etc.
- · Good verbal and written communications skills
- · Excellent reading and math skills
- · Basic computer skills in spreadsheets, word processing
- · Excellent demonstrated skills in work management applications such as Maximo
- Advanced Rigger and/or Mobile Crane Operator qualifications
- Present or past qualifications as welder in 200 and 300 weld processes
- · Experience in leading supplemental workforce
- Confined space rescue trained
- Able to obtain CDI license.

Specific Requirements

- Valid Driver's License
- · Periodic DOT physicals
- Subject to Random Drug Screening
- Required to pass physical
- Basic Rigger Qualifications; Pendant Crane Operator Qualifications
- Must successfully complete EEI's Power Plant Maintenance Selection System (MASS) and a Power Plant Physical Abilities Assessment (PAB)
- Ability to work around equipment that generates electromagnetic fields (EMF)

Working Conditions

- Frequent travel with occasional overtime
- · Occasional weekend work
- · Exposure to extreme temperatures and noise
- Exposure to electromagnetic fields (EMF)
